## RSNA Press Release

### **MEDIA ALERT: RSNA Webinar Addresses Health Disparities During COVID-19**

Released: September 16, 2020

OAK BROOK, Ill. (September 16, 2020) — As part of its commitment to connecting radiologists and the radiology community to the most timely and useful COVID-19 resources, RSNA will present a new webinar addressing health disparities during the COVID-19 pandemic.

[RSNA Webinar - COVID-19 and Health Disparities - A Call for Action](#)

Friday, September 18, 2020, 11:00 a.m. - 12:00 p.m. CT

This webinar focuses on health disparities that have been continually masked outside of pandemics such as COVID-19, identify contributing factors, and discuss strategies and share sample initiatives that can be implemented by radiologists to tackle healthcare disparities during COVID-19.

Topics include:

- Uncovering Health Disparities During COVID-19
- Tackling Healthcare Disparities During COVID-19: The Radiologist's Role
- Q&A
- Call to action

The webinar will be moderated by RSNA board liaison for science Carolyn C. Meltzer, M.D., William P. Timmie Professor and Chair of Radiology & Imaging Science and executive associate dean of Faculty Academic Advancement, Leadership, & Inclusion at Emory University School of Medicine and Yoshimi Anzai, M.D., M.P.H., professor of radiology, associate chief quality officer at University of Utah.

Speakers include:

- Paul J. Rochon, M.D., FSIR, associate professor of radiology-interventional radiology, University of Colorado School of Medicine
- Dania Daye, M.D., Ph.D., instructor of radiology, Massachusetts General Hospital/Harvard Medical School

Viewing and participation in the live webinar is free, but [registration](#) is required. RSNA is offering CME credit for both the live and online versions of this webinar. Information will be provided during the webinar about how to obtain CME credit. There is a nominal fee for non-RSNA members to access the CME versions of the webinar.

From early on, RSNA has been a global leader in disseminating information and the latest radiology research on COVID-19 through its scientific journals, webinars, podcasts and best practices documents. Additional RSNA COVID-19 resources, including past webinars available on demand, may be found at [RSNA.org/COVID-19](https://www.rsna.org/COVID-19).

Contact: RSNA Media Relations at 630-590-7762 or [media@rsna.org](mailto:media@rsna.org).

###

RSNA is an association of radiologists, radiation oncologists, medical physicists and related scientists promoting excellence in patient care and health care delivery through education, research and technologic innovation. The Society is based in Oak Brook, Ill. ([RSNA.org](https://www.rsna.org))
